ORDER

Order cause referred to the Probation Department for preparation of a presentence investigation report (“PSR”). The government's Version of the Offense shall be submitted to the Probation Office by 1/15/2016. The Probation Office is directed to provide its sentencing recommendations, including its recommended conditions of supervised release and supporting rationale, to the parties’ counsel at the same time they are provided to the Court. The parties are required to submit Sentencing Memoranda to the Court at least 14 days before the sentencing hearing. Required content for the Sentencing Memoranda is set forth in the Statement portion of this order, below. Responses and objections to each party’s Sentencing Memorandum are due 7 days before sentencing. Failure to note objections to the content of the PSR or to the opposing party’s Sentencing Memorandum may result in waiver of such objections. Sentencing is set on 6/15/16 at 2:00 p.m.

STATEMENT

Each party is required to submit a Sentencing Memorandum in accordance with the schedule set forth above. Each party’s Sentencing Memorandum shall include (without limitation of other content a party may wish to include) the following information:

- Any objections to the facts (whether concerning the offense or otherwise) set forth in the PSR;
- Any objections to the calculation of the applicable sentencing guidelines range set forth in the PSR and the party’s own calculation of the applicable guideline range;
- Any objections to any conditions of probation and supervised release recommended by the Probation Department;
- Any evidentiary materials that the party seeks to have the Court consider in connection with sentencing (any such materials will become matters of public record, absent specific request for redaction, in camera consideration, or other means of confidential presentation); and

- A statement of the sentence recommended by the party, with supporting discussion of the relevant statutory factors that support imposition of that recommended sentence. This statement must include (again, without limitation of other content):
 - discussion of why the applicable guideline range is, or is not, sufficient but not greater than necessary to promote the sentencing objectives set forth in 18 U.S.C. § 3553(b); and
 - an enumeration of any conditions of probation and supervised release that the party seeks to have imposed at sentencing, including supporting rationale.
