- For each brother joining, please make an extra Facebook account and add as many people as possible.
- Do not make an account with a "Jihadi" alias. Try to make genuine looking accounts with non-jihadi profile photos.
- Try to add in short bursts as not to catch the attention of Facebook automated block systems.
- Add people who not needs dawah. Not your jihadi friends.
- Once the friend's list reaches approx 1000, then slowly start sharing the posts on your wall.
- Try to keep a low profile as to keep the account from getting reported soon.
